The provisions of the internal file and documentation regulations shall apply. Where processing is legally based on consent, the data will be preserved while data subject does not withdraw consent, or does not execute a suppression or opposition right.
General description of the technical and organisational security measures	The security measures correspond to those provided for in Annex II of Royal Decree 311/2022, of 3 May, regulating the National Security Framework and are described in the FECYT information security policy.
Joint controllership agreement – key aspects	The Entities have signed a responsibility agreement considering the following aspects the most relevant: • The Scientific and Technological Office for the Congress of Deputies aims to provide scientific evidence to the Congress of Deputies about specific topics of interest to contribute to decision making informed by the available scientific knowledge. Scientific evidence is gathered following a standardized and transparent process and will be available in a simple language and open to the public. • Both parties will perform any activity necessary to carry out the activities with a sole objective, the implementation of the activities. This singleness of purpose comprises all personal data processing operations since none of the signatory parties of this agreement can determine on its own the purpose of processing or move away from the ones previously mentioned. Likewise, all processing operations shall be implemented in a coordinated manner by the parties. Therefore, the means of the processing of personal data shall not be unilaterally set by any of the parties.
